Technical areas covered are safety; specifications and contract plan interpretation; field installation and landscape restoration techniques; surveying; field inspection and testing procedures; verbal and written communication; recordkeeping and reporting; and project management duties. Anyone responsible for Sewage & Storm Water Collection System Inspection.

Training Program:

FIVE DAYS:

- ❖ The Sewage & Storm Water Collection System Inspection Issues
- ❖ Inspection Methodology
 - Types
 - Methods
 - Tests
 - Statistical Methods
- ❖ Sewage & Storm Water Collection System Standards
 - Technical Standards
 - Management Standards
 - Audit Standards
- ❖ Sewage & Storm Water Collection System Inspection Checklists
- ❖ Inspection Related Legal Issues on Waste Water Collection Systems
- ❖ Planning & Control of Waste Water Collection Systems
 - Inspection Planning

- Inspection Scheduling
- Inspection Monitoring and Quality Control
- ❖ Quality Assurance System for Inspectors
- ❖ Sewage & Storm Water Collection System Inspection Tools and Technologies
- ❖ New Tools & Technologies for Sewage & Storm Water Collection System Inspectors
- ❖ Inspection Good Management Practices
- ❖ Sewage & Storm Water Collection System Inspection Best Practice Ideas
- ❖ Sewage & Storm Water Collection System Inspector Qualification System
 - Industry Standard
 - Organizational Standard
- ❖ Sewage & Storm Water Collection System Inspection Knowledge Management System
- ❖ Case Studies
- ❖ Course Conclusion
- ❖ POST-ASSESSMENT and EVALUATION

Training Requirement:

"Hand's on practical sessions, equipment and software will be applied during the course" if required and as per the client's request."

Contents can be adapted to your specific wishes. It is therefore possible to focus on specific modules of the training course as per client's learning needs and objectives. Further, it should be forwarded to us a month prior to the course dates.

Training Methodology:

This interactive training course includes the following training methodologies as a percentage of the total tuition hours:-

- 30% Lectures, Concepts, Role Play
- 70% Workshops & Work Presentations, Techniques, Based on Case Studies & Practical Exercises, Gamification, Software & General Discussions
- Pre and Post Test

Training Certificate(s):

CMCT Internationally recognized certificate(s) will be issued to each participant who completed the course.

Training Fees:

TBA as per the course location - This rate includes participant's manual, hand-outs, buffet lunch, coffee/tea on arrival, morning & afternoon of each day.
